MARCH 2011

CAMPING FEVER!

We are anxious for the camping season to begin. There is much excitement in the air with spring and summer just around the corner! Many of you have indicated you are looking forward to warmer weather and the opportunity to get outdoors to spend time with family and friends. What better place is there to build wonderful and lasting memories than our beautiful Camperworld parks? The opportunity to see your children and grandchildren have the same wonderful experiences you have enjoyed over the years, is just around the corner!

Our terrific Camperworld office staff and park managers are anxious to welcome you. Many projects have been completed to be certain every park offers quality amenities and utilities for your use. Recently, we have made some nice improvements at every location. **We love our parks!!** We feel very lucky that Camperworld was able to acquire the wonderful properties many years ago. Duplicating what Camperworld offers, with the associated high cost of development and real estate, would simply be impossible. We sincerely appreciate the support of all of our members. We hope you have a fantastic camping season filled with many happy moments that will last a lifetime!

NOTES OF IMPORTANCE

IMMEDIATE FAMILY MEMBERSHIP USERS

We have updated our computer system to include the names of your immediate family members on your membership record. If your immediate family has grown or names have changed, we invite you to contact our office at (801) 262-8166 to update your membership record. You will need to provide a copy of a birth certificate for any children not previously listed on your membership purchase contract. If your membership allows immediate family members to use your membership card, it is important for you to be certain their names are shown correctly on our authorized user list. Doing so will allow easy park access and they will not be turned away. **The verification process protects all of us and the Camperworld program when it prevents unauthorized users from using your parks.** Your help in this regard will be appreciated.
